

EL PASO FIRST

Health Plans, inc.

January 19, 2010

Dear Provider:

El Paso First Health Plans is committed to ensuring the health of all its Medicaid eligible migrant children. Our organization in collaboration with Texas Medicaid and the Texas Health Steps program would like to improve the service provided to the children of migrant farm workers. By providing education, our organization will help this population with potential health risks and the consequences of untreated illness.

Due to the lack of awareness regarding the services available to the children of migrant farm workers, many go untreated and their health worsens. A way to accomplish this plan is by providing these migrant families with accelerated health services based on the migration patterns each family has. Your assistance in this matter will be greatly beneficial to the migrant population.

If you have any questions regarding this matter, please contact Michelle Anguiano, Provider Relations THSteps Coordinator, at 915-298-7198 ext 1053. Moreover, if your members need further assistance, please refer them to our Migrant Outreach Coordinator, Lluvia Acuña at 915-298-7198 ext 1075. Thank you for your collaboration. We look forward to working with you to better serve the children of migrant farm workers.

Respectfully,

Michelle Anguiano, Provider Relations THSteps Coordinator

Lluvia Acuña, Migrant Outreach Coordinator
