

Physicians and Pharmacists: Please refer to this list when prescribing/dispensing medications.

All strengths and formulations of the medications listed within this document are considered formulary unless specifically noted. Due to the constantly changing nature of drug therapy, the Formulary is a dynamic document and is subject to change without notice. The most up-to-date listing of the formulary can be found online at www.PrescriptionSolutions.com.

Brand name is listed in ALL CAPS.
Generic available is listed in lowercase.
